Dear Josh + Esther:

This is just a note to try out your idea for simplifying addresses, and to thank you both for a wonderful visit at this occasion.

I've been thinking from time to time of some of the things we talked about, notably the centosome, but haven't done anything yet.

I decided, during a hectic few days following my return here, to take the Indiana offer, and according to plan will be out there as of Sept. 1. More of this and other things when I see you again, which I hope will not be too many months from now.

Again, many thanks for  
the hospitality  
Bob
